

Dear Valued customer.

Good news. We shall be re – opening our showrooms on the 15<sup>th</sup> June following the recent Government guidance.

For all you enthusiastic shoppers we'll have some fabulous bargains in our "Bounce Back "sale, selling off some display pieces to make way for new stock in the coming summer months. Discounts of up to 50% on in-stock items, and our best ever sale discounts on new orders.

Over the coming days we'll be posting on Facebook ,pictures and ideas of the items in store available for delivery or collection. Please let us know if you would like to reserve an item for viewing when we are open again.

In the early days we are reserving Tuesdays and Wednesdays for appointments only, giving individual customers or families the freedom of 30 minutes to browse the store, ask questions, and to view the catalogues without having to wait or adhere to social distancing. A parking space will also be available at the rear of the store.

Please contact us in the usual ways, request a time slot and we will organise and confirm.

Looking forward to leaving these strange times behind.
